KMHS Update 27/3/2020

The move to online learning has happened at a pace unprecedented in any other time in my long working life. Thank you to my staff for what they have achieved, but also thank you to our families and students for being patient as everything is developed and structures are put in place to provide more support to students learning at home. From next week, there will be more interactions between students and their teachers and several 'zoom' meetings (virtual conferencing) have been scheduled. The Wellbeing team will also have a greater presence and this should assist students, as well.

Three things to remember:

- There will be a few teething issues. This is why we are contacting you and following up to address any technological and/or organisational issues
- There may be occasions when you can't keep up with the work. Stay calm and let your teacher know. We understand that a lot is happening and your focus may have to be elsewhere. Routine though, is important and when you can, try and stick to the schedule.
- Your teachers are learning, as well, on the best way to deliver online learning. They will be responsive to respectful feedback and questions about how to improve, so please do not hesitate to speak with them or email our school account, as needed.

CANCELLED

The snow excursion has been cancelled for 2020. We apologise for this difficult decision, but believe that it is the right call at this time.

Anne Vine
Principal
