UAC News on Dates
A reminder that following the announcement by NESA that HSC results will be released at 6am Friday 18 December, some of UAC’s key dates for Year 12s have changed as follows:
- ATARs released: 9am Friday 18 December
- Deadline for changing preferences for December Round 2: midnight Saturday 19 December
- December Round 2 offers released: 7.30am Wednesday 23 December.

International Students and UAC How to Apply
You are an international student if you are not an Australian citizen, New Zealand citizen or permanent resident of Australia. Australia is a popular study destination for students from overseas. Australian tertiary institutions feature highly in international rankings for their teaching, research and international outlook and our lifestyle, culture and climate make Australia one of the most liveable countries in the world. Australian tertiary institutions offer a broad range of study options and areas of specialisation, from arts and humanities, business and economics to communications and media studies, creative arts, education, engineering, health and medical sciences, science and technology, and teaching. Qualifications gained in Australia are recognised around the world. If you apply to study in Australia through UAC, you’ll be applying to institutions located in New South Wales (NSW) and the Australian Capital Territory (ACT) or close to these states’ borders. They offer a variety of learning and social environments for students.

UTS Entry Pathway Through Aptitude Assessment
Registration closes midnight 22 September 2020
Tuesday 29 September 2020, 10:00 am
Free to do. The aptitude assessment is an opportunity for students to demonstrate their potential, and possibly secure an offer to study at UTS Science. The assessment is designed to assess your analytical and critical thinking skills. It is a general knowledge based assessment and there is no need to study for it.

UTS Support your UAC application with the Engineering and IT Questionnaire
The questionnaire closes on Thursday 17 December 2020
If you fall short of the ATAR by 1–3 points, we’ll still consider your application if you complete the questionnaire and demonstrate a strong motivation to study engineering or IT.
It takes just 20 minutes to complete, so give yourself the best chance to get into your preferred course at UTS.
https://www.uts.edu.au/future-students/information-technology/essential-information/year-12-it-questionnaire

UTS Women In Engineering, IT, Construction 10 Adjustment Points
If you’re female and have applied for selected engineering, information technology or construction project management courses, you’re eligible to receive 10 adjustment points. These adjustment points are automatically applied (no additional application required) and contribute to your selection rank.

UTS Jumbunna Entry Program
At Jumbunna, the ATAR is not the primary measure of success. Our Jumbunna Pathways Program into University is open to recent-school leavers (with or without an ATAR); non-school leavers; people with TAFE, College or previous University qualifications. The Jumbunna Pathways Program offers Aboriginal and Torres Strait Islander students an opportunity to illustrate their capability for higher education based on factors including previous life, education and work experience.
UTS Galuwa Business & Law Experience
The 5-day program attracts students who are interested in the fields of business. The free program features interactive hands-on workshops, site visits with industry partners, cultural activities, information about career paths and lunch. Participants also hear inspirational talks from Indigenous and non-Indigenous students, cadets and professionals.
• Who is this for? Aboriginal and Torres Strait Islander students in years 9–12.
• When is it held? 12th -15th October 2020.
• How much does it cost? FREE (Includes all meals, transport and accommodation).
• Where is it being held? University of Technology Sydney city campus.
• When should I register? Express interest in attending the UTS Business & Law Experience for 2020.

UTS Galuwa Design, Architecture and Building Experience
Galuwa is a 4-day program offered by Jumbunna Institute in collaboration with UTS DAB.
• Who is this for? Aboriginal and Torres Strait Islander students in years 10, 11 and 12
• When is it held? 14th - 18th September 2020.
• How much does it cost? FREE (Includes all meals, transport and accommodation)
• Where is it being held? University of Technology Sydney city campus
• When should I register? Express interest in attending the 2020 DAB Galuwa.

UTS Galuwa Health Experience
The 3-day program attracts students who are interested in the fields of nursing, midwifery and sport and exercise science. The free program features interactive hands-on workshops, site visits with industry partners, cultural activities, information about career paths and lunch. Participants also hear inspirational talks from Indigenous and non-Indigenous students, cadets and professionals.
• Who is this for? Aboriginal and Torres Strait Islander students in years 9–12.
• When is it held? Late 2020
• How much does it cost? FREE (Includes all meals, transport and accommodation).
• Where is it being held? University of Technology Sydney city campus.
• When should I register? Express interest in attending the UTS Galuwa Health Experience for 2020.

Ma & Morley Scholarships at University of Newcastle
Closes 22 November

The Ma & Morley Scholarship Program is a transformative experience offered to students of the University of Newcastle who want to change the world.
The program aims to inspire, educate and cultivate the next generation of globally aware and socially conscious Australian leaders and is only made possible by a generous US$20 million philanthropic commitment by the Jack Ma Foundation.

3 simple steps:
1. A one page written statement outlining: (1) what a globally aware and socially conscious leader means to you; and (2) things you have done in your home, school, work, or community that contribute to creating positive change in the world.
2. Get a responsible person to complete a reference to support your application.
3. Get the appropriate documents together.

Should you have any questions be sure to complete the form on this page or contact us on mamorley@newcastle.edu.au or by phoning (02) 4921 8764.

Online Journalism Units Open to Senior Students
Would you like a taste of journalism? Studying journalism can develop your writing and research skills, as well as introducing you to the exciting world of media.
Senior high school students may now apply to enrol in one or two subjects from the Diploma of Journalism. Eligible students would benefit from a strong interest in news and current affairs. Access to computer and internet essential. Jschool is an Australian college of journalism established to provide industry-relevant education and training for students seeking careers as journalists.
Jschool’s Diploma of Journalism is a unique vocational course that prepares students for entry-level positions in newspapers and other news organisations. It may be studied online, full-time over one year or part-time over two or more years.
Focus of the course is the development of practical skills alongside relevant theory and professional education, including law and ethics.

Sydney Craft Week
9 – 18 October
Craft and the power of making is vital for all of us and more so now than ever before. Let’s show Sydney (and the world) how critical we are as a creative community driving change at all sorts of levels. Let’s celebrate our aliveness, our creativity, our ideas and our connections by creating a festival that embraces change.
We will continue to follow all the NSW Health advice and government restrictions and we hope that by October all events will be possible. We also encourage you to consider ideas for digital events alongside your physical programming. Digital events we can open up to the wider world, particularly where travel restrictions are in place, for the vast numbers of people interested in craft across the globe.

2020 Country Education Foundation Scholarships Guide
A scholarship can help you get on your way to achieving your further study dreams by covering the costs of textbooks, course fees, equipment, accommodation and living costs.
Scholarships are not just about money either — the application process will give you vital skills that will transfer when it comes to applying for jobs and will make you a great candidate. Another thing you will gain from a successful scholarship application is confidence. The knowledge that a panel of people believe in your skills and ability will drive you for years.
Search and apply for scholarships right here with CEF’s Scholarships Guide. And remember, you’ll never know if you don’t give it a go!

Plan Ahead - Projects Abroad Conservation & Environment Project
Once you have volunteered on a Projects Abroad Conservation & Environment Project, you’ll never quite see the world in the same way. You’ll experience the extremes of nature while being part of an international team that are bonded by one common goal: to protect our planet for years to come.
Our projects cover an incredible range of environments and species, so you can volunteer on a project that lets you pursue your passions, whether that’s coral reefs or rainforests, elephants, or turtles. Once you know what time of year you can volunteer and where you want to go, we can help you think through what area of conservation to specialise in.
You’ll support real environmentalists and scientists, as well as people from the local community. You’ll also get the chance to develop important skills for working in this field, such open water diving.

Plan Ahead - Medical Internships Abroad Programs
A Medicine & Healthcare internship with Projects Abroad is a fantastic opportunity to get first-hand experience of global healthcare issues and deepen your understanding of health and medicine.
You can do your medical internship abroad in a hospital, medical centre or in care homes in a huge number of developing countries around the world. You’ll work with local staff to learn new skills while observing trained professionals. You can choose from a range of specialisms, including Medicine, Nursing, Dentistry, Midwifery, and many more.
